He advised that the history of the accounting records showed approximately $240,000, but to date only $40,000 has been collected.
   Mr. Drozdak advised that he does not yet have confirmation of the funds to be remitted by MASC.
   Councilwoman Vescovi advised that the Finance and Personnel Committee met earlier in the day and Councilman Padgett advised that in the past the City participated in the Tax Anticipation Note and council may want to consider that again as an option.

Budget Discussion:

Councilwoman Gause asked if Loris was able to receive funds to hire police officers. Chief Buley advised that we must be able to produce audits to apply for the matching grants.
Councilwoman Vescovi asked if the Police Trucks were accounted for in the budget proposal. Chief Buley advised that the vehicles were removed.
Councilwoman Vescovi asked why some salaries were increased and others were not. Chief Buley advised that some of the employees were new or had recently received raises, therefore raises were not straight across the board.
Attorney Moss asked if there were any other departments in the state that required new hires to sign a contract. Chief Buley advised that we cannot require a contract but there is a statute that requires other agencies that hire our officers to reimburse expenses for the academy.
Councilman Padgett requested clarification of salary increases. Chief Buley advised that the increase is distorted because the department has been short staffed and typically would not show such a variation.

Court:
Attorney Moss advised that there was not an expenditure listed for a Victim’s Advocate or a Public Defender. Councilwoman Vescovi advised that the Victim’s Advocate was listed in the Police Department expenditures. Mr. Drozdak advised that he had not billed for a Public Defender but would confirm and add if needed.

Chief Jerry Hardee requested an increase in compensation to include paying the fireman during training. Advised that if was the desire of council to keep the current ISO 3 rating, a full-time employee was needed.
Chief Hardee advised Mr. Drozdak that corrections needed to be made to add workers compensation expenses, fuel expenses, equipment, supplies and facilities.

Chief Hardee advised that direction was needed as to the purchase of the Light Rescue Vehicle.
In reference to purchase of the light rescue fire apparatus vehicle, Mr. Keith Massey advised that the City of Loris is a participant in a cooperative purchase agreement now known as Sourcewell.
Attorney Moss advised that in review of the ordinances a determination needed to be made by council if council considered a state contract acceptable or if they desire to receive bids.
After discussion it was determined and agreed that the City of Loris is a part of a cooperative purchase, Sourcewell. Cooperative purchases are based on a standard platform and if additional items are needed such as LED lights council would have to approve if over $5,000. Councilwoman Vescovi advised that it would be her suggestion to go with the State Contract. Councilwoman advised that council desires to keep the business for purchase and financing as local as possible, all the while achieving the most competitive pricing.

Water & Sewer:

Mr. Brandon Harrelson reviewed the budget figures. He advised that the audit of the water sewer system and updated codes were used to project revenue. He stated that he is basing the estimated figures on the last two months of billing registries and invoices from GSWSA.
